SUBJECT: ADP System Subject to Privacy Act

For your information, I have attached an ODP Project Proposal for a Public Affairs information system that we believe is subject to the Privacy Act. We have informed the Office of Public Affairs (page 6, para. 4.1) of this judgment and their responsibility for working with I&PD to register the file. ODP will not make the file operational until I&PD certifies that Privacy Act considerations have been satisfied.

MEMORANDUM FOR: Director of Public Affairs  
Office of the Director

FROM: Deputy Director for Applications  
Office of Data Processing

SUBJECT: Project Proposal for the Development  
of a Publications Review Board  
Management Information System

1. The attached proposal was prepared in response to your request to establish an automated publications review board management information system. The proposed system will enable your staff to maintain a data base on the ODP computer system and obtain the specialized queries/reports they require.
2. We estimate the software costs for developing this system on the ODP mainframe computers in the amount of \$9,000 in manpower and \$3,000 in computer costs. These costs will be absorbed by ODP and will be reflected in our Project Activity and Credit Report.
3. Upon receipt of your concurrence in this proposal, development of the system will proceed as described. If there are any questions, please contact [REDACTED] the project leader STATINTL for this system, on [REDACTED]

SUBJECT : SSCI Intelligence Charter Drafts  
of 6 November 1979  
REFERENCE : Your Memo, Same Subject: dtd 4 Dec 1979  
(OGC 79-10881)

1. We were asked by the Deputy Chief of the Information Services Staff to review the latest drafts of SSCI Intelligence Charter Drafts for Titles I through VII dated 6 November 1979 and respond directly to you with a drop copy to C/ISS.

2. We reviewed Title IV in detail and were delighted to see the following provisions in Title IV and strongly urge that they be retained.

"Sec. 421. (a) In carrying out its functions under this Act, the Agency is authorized to--

(4) maintain and operate full-scale printing facilities for the production of intelligence and intelligence-related materials and lease or purchase and operate computer and communications equipment as appropriate to carry out authorized functions;

(k) Except as otherwise provided in this Act, the authorities contained in subsections (a) through (e) and (i) of this section may be exercised notwithstanding any other provision of law.

Sec. 422. (b) The provisions of chapter 137, relating to the procurement of property and services, and chapter 139, relating to the procurement of research and development services, of title 10, United States Code, as amended, shall apply...except that the Director of the Agency may specify by regulation when any or all of the provisions of chapters 137 and 139 of title 10 may be waived for the effective performance of authorized functions."
